

Providing basic needs - Water and sanitation programme

*Dear friends and well - wishers,*

Greetings from Jesus, Mary, Joseph Social Service Society, Nallapadu, Guntur.

The JMJ of Guntur has all along have been able to reach out to the underprivileged, through various developmental works in Andhra Pradesh, Tamilnadu & Orissa. We have experienced God's continual blessings and co-operation from various sources.

Our endeavour in this regard with respect to awareness programmes, uplift and empowerment of the marginalized will be enhanced as a joint endeavour. The Lord's untold blessings will surely accompany us in this venture.

## SOCIAL SERVICE SOCIETY

### NALLAPADU

Empowering women through adult education

Awareness programme on women trafficking at Swadhar Home

Enabling the illiterate rural girls at Grihini

Giving hope and assurance to the HIV victims

## INCEPTION

The JMJ Social Service Society was established in Nallapadu in the year 1982. It is a non-profit voluntary Society, registered under the Society Registration Act XXI of 1860 with society registration number 163 of 1984. The organization has also been issued with the 010190048 as its FCRA number. JMJs are identified with social apostolate right from the inception of the Society. The Charism "Ever adaptable apostolic availability, bequeathed to the JMJs by their Founder, Fr. Mathias Wolff S.J., opened new vistas to launch out to the social apostolate as per the signs of the times.

## VISION

The Spirit of the Sovereign God has anointed me to proclaim "The Social Uplift of the Marginalized Indians"

## MISSION

Empowerment of marginalized communities towards sustainable and participatory development process.

## OBJECTIVES

- ✿ To organize the communities, to create local leadership and to foster sustainable livelihood.

- ✿ To empower the marginalised sections and work towards solidarity irrespective of any classification.
- ✿ To create awareness with regard to the rights of people with special consideration to the Dalit rights, the exploited, the women and children.
- ✿ To improve health status of the poor by promoting community health.

## TARGET POPULATION

Population consists of marginal farmers, agricultural and casual labourers. It also includes dalits and other backward communities.
